

PATENT ASSIGNMENT AGREEMENT

Parties

Assignor: _____

Assignee: _____

Description of Invention

This Agreement covers the assignment of all rights in the following invention and any related patent or patent application (the "Patent Rights"):

Title of Invention: _____

Patent / Application Number (if any): _____

Filing / Issue Date (if any): ____ / ____ / ____

Assignment of Rights

The Assignor irrevocably assigns to the Assignee all right, title, and interest in and to the invention described above, including the Patent Rights, any resulting patents anywhere in the world, all priority rights, and the right to sue for and collect damages for past, present, and future infringement.

Consideration

Payment / Consideration: _____

Cooperation with Prosecution

The Assignor agrees to reasonably cooperate with the Assignee, at the Assignee's request and expense, in the preparation, filing, and prosecution of patent applications covering the invention, including signing documents and providing information needed to secure, maintain, or enforce the Patent Rights.

Representations

The Assignor represents that they are the original inventor (or the current lawful owner) of the invention, that they have full authority to assign the Patent Rights, and that the Patent Rights

are free of any liens, licenses, or competing claims of ownership except as disclosed to the Assignee in writing.

Future Improvements

Unless the parties agree otherwise in writing, this Agreement covers only the invention described above and does not extend to any separate inventions or improvements the Assignor develops independently after the date of this Agreement.

Governing Law

This Agreement shall be governed by the laws of the State/Country of _____, without regard to its conflict-of-law principles.
