Testing and Acceptance

Prior to launch, the Developer will provide the Client a testing or staging environment for review. The Client will have a reasonable period, not to exceed 10 business days unless otherwise agreed, to report any defects for correction before the work is considered accepted.

Post-Launch Maintenance and Support

Following launch, the Developer will provide bug-fix support for defects in the delivered work at no additional charge for the period specified below. Support beyond this period, including new features, content updates, and third-party plugin updates, is available under a separate maintenance agreement.

Included Support Period After Launch: _____

Source Code and Ownership

Upon receipt of full and final payment, the Developer will transfer ownership of the custom source code created for this project to the Client. Pre-existing tools, libraries, frameworks, and reusable code owned by the Developer prior to this engagement remain the Developer's property and are licensed to the Client for use with the delivered project.

Third-Party Services and Costs

Any third-party software licenses, hosting fees, domain registration costs, or API subscription fees required for the project are the responsibility of the Client and are not included in the Development Fee unless expressly stated.

Confidentiality

Each party agrees to keep confidential any non-public business or technical information disclosed during this engagement and not to share it with third parties without prior written consent.

Governing Law

This Agreement shall be governed by the laws of the State/Country of _____, without regard to its conflict-of-law principles.

Dispute Resolution

The parties agree to first attempt to resolve any dispute arising from this Agreement through good-faith negotiation. If unresolved within 30 days, either party may pursue mediation or binding arbitration before resorting to litigation.
